Revised quarterly GDP estimates for 2009, the 1st and the 2nd quarter of 2010

In connection with CSO release of revised GDP estimate for 2009 (22 September 2010) the data presented earlier by quarters for 2009 and consequently for the 1st and the 2nd quarter of 2010 have been adjusted. It is consistent with the procedure applied in national accounts which aligns quarterly GDP estimates with annual ones.

Tables 1-3 present detailed information about quarterly non-seasonally adjusted GDP estimates. Tables 4-5 present seasonally adjusted data.
