

Average paid employment¹ and average gross wages and salaries in enterprise sector in October 2021

19.11.2021

0.5%

Increase y/y average paid employment in enterprise sector

In October 2021, average paid employment in enterprise sector was higher by 0.5% y/y and amounted to 6351.1 thousand, while average wages and salaries were higher by 8.4% y/y and amounted to 5917.15 PLN (gross).

Data regarding the enterprise sector concerns units conducting economic activity classified into selected² kinds of activity by NACE Rev.2 and employing more than 9 persons. Data source is "Report on economic activity" (DG-1). Within the scope of this survey, for the entities with 50 and more persons employed it is a census survey, while for the entities employing from 10 to 49 persons it is a sample one³.

The enterprise sector is part of the national economy, which means that the data refers to selected entities conducting economic activity

Table 1. Average paid employment and average gross wages and salaries in enterprise sector in October 2021

Specification	X 2021			I-X 2021	
	in absolute numbers	IX 2021=100	X 2020=100	in absolute numbers	I-X 2020=100
Average paid employment in thousands	6351.1	100.1	100.5	6340.0	100.3
Average gross wages and salaries total in PLN	5917.15	101.3	108.4	5797.04	108.4
of which excluding payments from profit	5916.83	101.3	108.4	5795.82	108.4

In enterprise sector in October 2021 compared to the previous month a minimal increase by 0.1% in average paid employment was observed, while average gross wages and salaries increased by 1.3%

In October 2021 **average paid employment in enterprise sector** minimally increased compared to the one noted in September this year (by 0.1%), while in September this year compared to August this year average paid employment slightly dropped (by 0.1%). A minimal increase in average paid employment in October 2021 was caused among others by admissions in the units, restoring pre-pandemic full time jobs, and also lower absenteeism due to unpaid leaves - which, depending on the overall length of their duration, could also have an impact on the way of including these persons in average paid employment and at the same time in wages and salaries (methods of calculating these variables are described in DG-1 report⁴).

Comparing October 2021 to the corresponding month of 2020, an increase in average paid employment by 0.5% was observed.

¹ Average paid employment after converting the dimensions of part-time employees into full-time jobs.

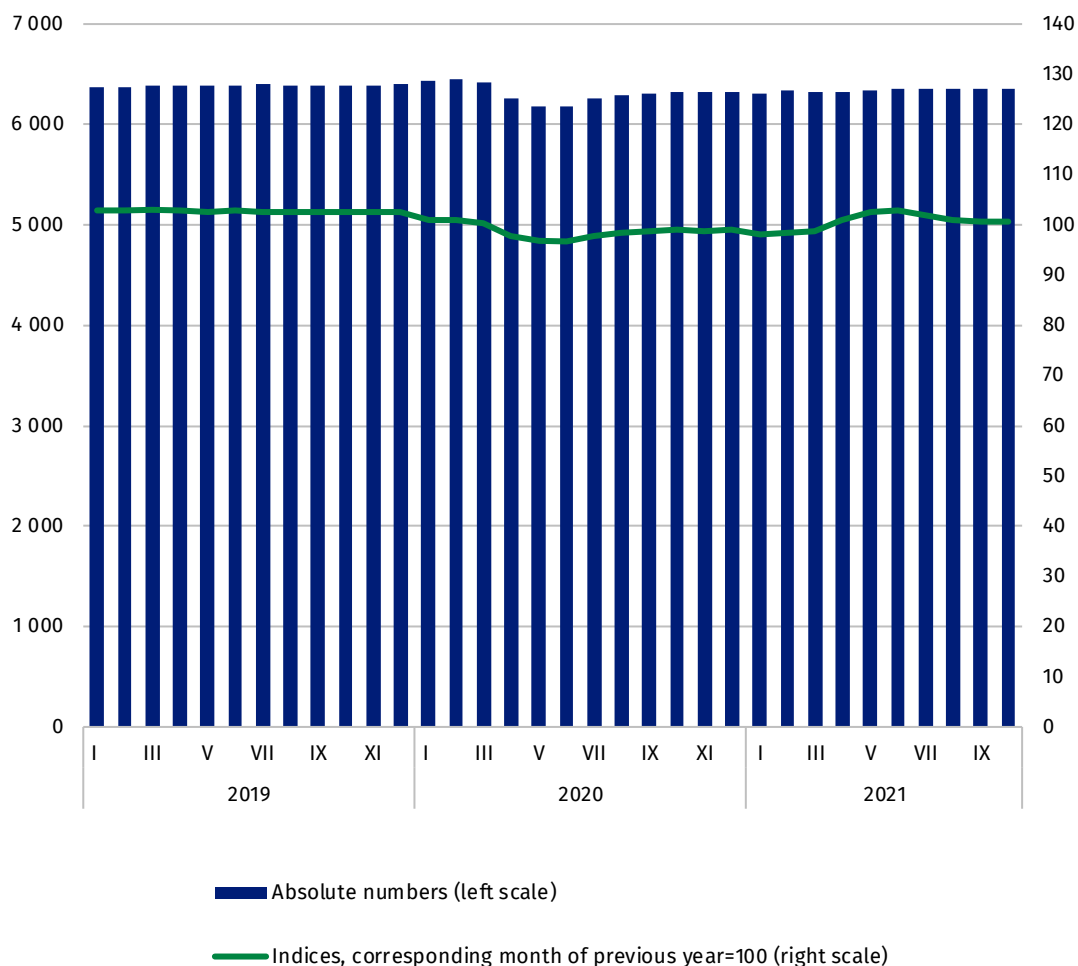

² Activities included in the enterprise sector are listed on page 3.

Chart 1. Average paid employment in enterprises sector

in thousand

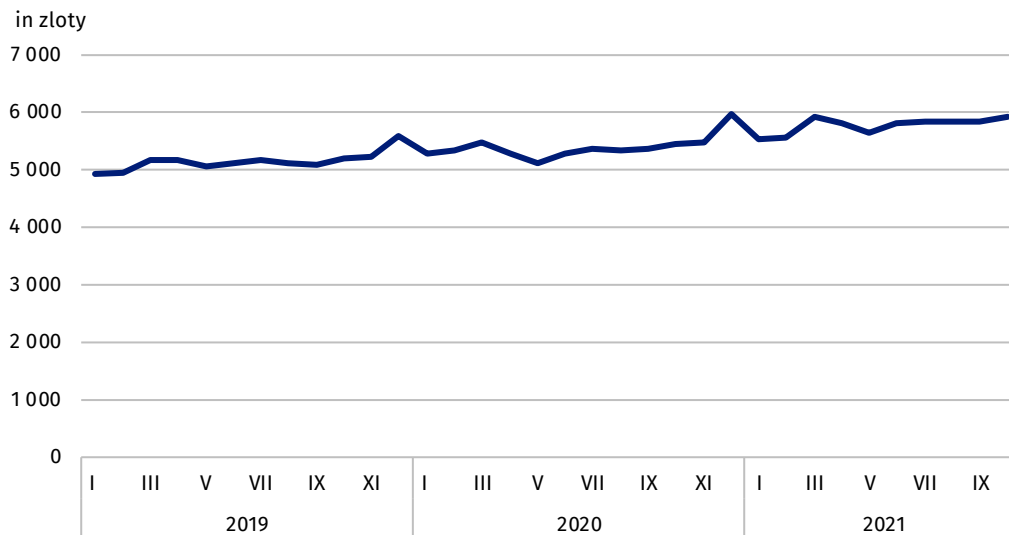

Due to the epidemic situation and its impact on the labour market, from March to May 2020 there was noted a decrease in the average paid employment in enterprise sector month on month, while from June 2020 its increase was observed. In 2021, average paid employment changed slightly, however, it has still not returned to the values noted at the beginning of 2020. In October 2021, compared to the previous month, average paid employment increased by approx. 3.9 thousand full-time jobs.

In October 2021 **average gross wages and salaries in enterprise sector** increased compared to the one recorded in September 2021 (by 1.3%), while in October 2020, compared to September 2020, slightly higher increase in wages was observed (by 1.6%).

Annually (October 2021 to October 2020) average gross wages and salaries increased by 8.4%. A year before (October 2020 to October 2019) an average wage growth rate of 4.7% was recorded.

In the cumulative period of ten months of 2021 average gross wages and salaries, compared to the same period of the previous year, increased in all NACE Rev.2 sections by between 5.4% in section “Arts, entertainment and recreation” and 12.3% in section “Agriculture, forestry and fishing”, which resulted in total average monthly wages and salaries increase of 8.4%. The highest gross salary in the enterprise sector was recorded in section “Information and communication” in the amount of 10014.60 PLN (an increase by 8.4% compared to the corresponding period of the previous year), and the lowest in the section “Accommodation and catering” at the level of 4163.37 PLN (respectively an increase by 10.8%).
