

Index numbers of construction and assembly production in January 2021¹

19.02.2021

90.0

Index number of construction and assembly production as compared to January of 2020

According to preliminary data construction and assembly production (in constant prices) carried out domestically by construction enterprises employing more than 9 persons was in January 2021 by 10.0% lower than a year before (against an increase by 6.4% the year before) and by 62.8% lower compared with December 2020 (against a decrease by 57.3% the year before).

Table 1. Index numbers of construction and assembly production (constant prices)

SPECIFICATION	I 2021	
	XII 2020=100	I 2020=100
CONSTRUCTION	37.2	90.0
Construction of buildings ^Δ	46.0	85.6
Civil engineering works ^Δ	27.7	95.0
Specialised construction activities	45.1	89.9

^Δ Abbreviated form according PKD 2007.

In comparison to January 2020 a decrease in the value of construction and assembly production was recorded in entities dealing mainly with construction of buildings (14.4%), performing specialised construction activities (10.1%) and in entities whose basic type of activity were civil engineering works (5.0%).

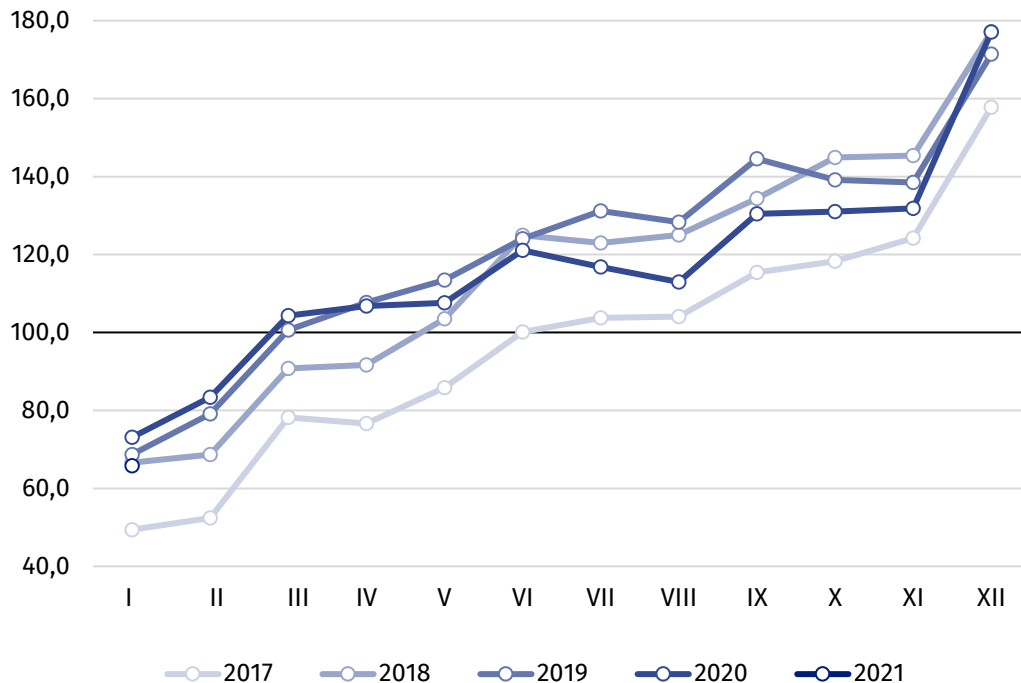

Compared with December 2020, decreases in the value of works carried out were noted in all divisions of construction, i.e. in entities whose basic type of activity were civil engineering works by 72.3%, performing specialised construction activities by 54.9% and in whose basic type of activity was construction of buildings by 54.0%.

In comparison to January 2020 the decrease in the value of construction and assembly production was recorded in all divisions of construction.

¹ Reported data; comprise enterprises employing over 9 persons, whose the main type of activity is included in the section F "Construction" in accordance with the Polish Classification of Activities (PKD 2007).

Value of construction and assembly production including investment works in January 2021 was by 15.4% lower than in the corresponding period of 2020 (against an increase by 9.0% in the year before), whereas works with a restoration character decreased by 0.7% (an increase by 2.3% the year before).

Chart 1. Index numbers of construction and assembly production (constant prices; average monthly base 2015=100)²

Index number of construction and assembly production in January 2021 (in constant prices) compared to the average monthly value of 2015 was 65.8.

After eliminating the seasonal factors, construction and assembly production reached the level by 6.5% lower than in January 2020 and by 1.7% higher in comparison to December 2020.
